What is a Rand solar combination box?

RAND PV Solar Combiner Boxes redefine the standard of solar technology by offering customized, innovative, and safety-conscious solutions for your specific solar installation's needs.

Why should you choose a solar combination box?

Our Solar Combiner Boxes are equipped with UL Listed DC disconnects and fuses for added protection against overcurrent and arc faults. Plus, our NEMA 4X outdoor aluminum enclosures provide weather-resistant and corrosion-proof housing.

What is a Rand solar combination?

RAND PV Solar Combiners offer you a unique customization potential to match your solar needs, featuring an 10 string to 24 string capability, NEMA 4X outdoor aluminum enclosures, and UL Listed DC disconnects reaching up to 1500V 400A.

CW Enerji Mühendislik Ticaret ve Sanayi Anonim Sirketi is a prominent manufacturer of solar panels in Turkey, specializing in the photovoltaic energy sector and offering a wide range of ...

For years, we have manufactured our combiner boxes with durable materials that are used efficiently to meet orders at any volume. Along with our consultation, prototyping and after ...

IPKIS offers 1500V DC PV combiner boxes for solar distribution. Safety ensured with DC input fuses, output breaker, lightning protection. Customizable with anti-backflow diodes.

The most compact and cost-efficiency combiner for 1500V solar PV systems, thanks to the DC components including 2P fuse holders and UL98B, ...

Yaskawa Solectria Solar offers two 1500V string combiners, Attachable & Remote, each designed to pair exclusively with SOLECTRIA XGI 1500 inverters.
