Delivering the utmost flexibility to the Serbian government, the Large-Scale Solar and Battery Energy Storage Project being developed by UGT Renewables will be owned and operated by ...

The Serbian government has called for the development of a spatial plan for six large-scale solar plants with a cumulative capacity of 1 ...

The Serbian government has called for the development of a spatial plan for six large-scale solar plants with a cumulative capacity of 1 GW that will be colocated with two ...

The Government of Serbia has signed an agreement with the Hyundai Engineering-UGT Renewables consortium on building solar power plants with a total ...

The Serbian Government has approved the development of a spatial plan for constructing large-capacity self-balancing solar power plants paired with battery energy ...

Sunway Ess battery energy storage system (BESS) containers are based on a modular design. They can be configured to match the required power ...

The Government of Serbia issued a decision to develop a special purpose spatial plan for a group of solar power plants of a total of ...

The Government of Serbia issued a decision to develop a special purpose spatial plan for a group of solar power plants of a total of 1 GW in connection capacity including ...

Sunway Ess battery energy storage system (BESS) containers are based on a modular design. They can be
