As the decarbonization of wastewater treatment plants (WWTPs) progresses, leveraging photovoltaic (PV) systems to reduce greenhouse gas (GHG) emissions has ...

Our containerized wastewater treatment plants are not only installed in hard-to-reach places abroad, but also offer the perfect solution for short-term, temporary wastewater treatment in ...

Waterneer BioKube offers containerized wastewater treatment plants for easy setup and relocation. This solution is ideal for remote locations such as mining camps and oil rig sites.

These mobile systems are installed inside a seaworthy 20 or 40 ft containers or in combination to form complete systems with advanced water treatment and purification technologies.

This configuration takes surface discharge or waste water ("Produce Water") and cleans it up to feed a boiler, then is pumped out under pressure to a surge tank that depressurizes as steam.

These mobile systems are installed inside a seaworthy 20 or 40 ft containers or in combination to form complete systems with advanced water ...

BioKube offers containerized wastewater treatment plants for easy setup and relocation. This solution is ideal for remote locations such as mining camps and oil rig sites.

Containerized wastewater treatment plant are engineered and constructed in Germany with maximum operating reliability our priority. KLARO container is a fully biological wastewater ...

High-Quality and Durable Construction: This 20ft containerized water treatment plant features an all-stainless
