-----

Transform shipping containers into battery energy storage systems (BESS). These containers can house batteries for storing excess energy generated from renewable sources such as solar or ...

Mobil-Grid®; 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and ...

The 20ft High Cube Solar Container empowers your business to operate independently from the grid while reducing your environmental footprint. With a plug-and-play design, expandable ...

Solar container for agriculture delivers clean, reliable power to farms, cutting costs and supporting sustainable farming in remote areas.

KonkaEnergy delivers advanced energy storage systems that maximize energy efficiency, reduce waste, and accelerate the shift to a sustainable energy future.

This ambitious endeavor transforms a standard 20-foot shipping container into a high-capacity, modular, and off-grid power system capable of supporting diverse energy needs.

Mobil-Grid®; 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant

Housed in a 20-foot container, this system integrates solar PV, energy storage, and advanced control components into a single unit, making it ideal for remote industries, construction sites, ...

This 20ft collapsible container solution features 60kW solar capacity and 215kWh battery storage. Built with
