The company has a complete independent intellectual property system of liquid flow battery material for mass production, ...

In 2024 we transformed grid-scale energy storage by launching Endurium(TM), our fourth-generation vanadium flow battery (VFB) specifically optimized for use in large-scale, long-duration, high ...

The company has a complete independent intellectual property system of liquid flow battery material for mass production, module design and manufacturing, system ...

Hunan Yinfeng New Energy Co., Ltd., established in 2013, is a high-tech enterprise focusing on the research, development, manufacturing and commercial application of a new type of high ...

The new facility will be developed based on an agreement inked in mid-September between Sichuan Development and the Panzhihua municipal government, which aims to build ...

Increasing engagement with AHJs with regard to flow batteries can help overcome fear of the unknown and reduce any additional approval time required for flow battery ...

Dalian Rongke Energy Storage Technology Development Co., Ltd. is a high-tech enterprise specializing in research and development, system design and market application of ...

Commenced comprehensive R& D on all-vanadium flow batteries, established a 6MW pilot production line and a key materials testing laboratory for vanadium batteries.

Sichuan Tianfu Energy Storage Technology Co., Ltd. settled in Wenjiang District and built a 100-megawatt

All-vanadium liquid flow battery leading enterprise
