The power station was developed by P&#226; Solar Consortium, a consortium comprising Urbasolar, a French independent power producer, and Projet Production Solaire (PPS), a Burkinabe ...

The power station was developed by P&#226; Solar Consortium, a consortium comprising Urbasolar, a French independent power producer, and Projet Production Solaire (PPS), a Burkinabe company, with minority shareholding in the special vehicle company that will own and develop the power station. Urbasolar is a subsidiary of Axpo Holding, a publicly traded Swiss energy conglomerate.
