What is LZY containers?

LZY Containers provide innovative mobile solar container solutions for businesses worldwide. Our mobile solar systems are designed to be reliable, efficient and easy to use. Explore LZY Containers's customizable and scalable solar container solutions, with rapidly deployable folding PV panels combined with containerized designs.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

How do you design a steel shipping container?

Spec out a container finished with interior partitions, wall panels, and shelves. Or add comfort and climate control with insulation. Interport's steel shipping containers feature at least one cargo door, but additional door modifications can be made for improved access and utility.

Discover our 20ft Solar Energy Container, providing 6 kW of sustainable power with quick setup. Ideal for on-demand, eco-friendly energy.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

Explore varied living solutions through 20kw folding container manufacturer. These innovative structures provide both durability and fast installation alongside customizable designs for ...

Our full range of custom-designed upper- and lower-deck containers are built to your specifications and offer the ideal combination of structural durability, low tare weight, maximum ...
