Imagine if Damascus implemented vehicle-to-grid tech using its 450,000 registered vehicles [7]. That'd create a 900 MWh virtual power plant - enough to light 300,000 homes during peaks.

This article explores its technological breakthroughs, implementation status, and implications for Middle Eastern energy markets - essential reading for solar developers, grid operators, and ...

The solar power station, which would be based in the Damascus countryside, is part of a new investment opportunity designed ...

The agreement, signed in Damascus, focuses on constructing four combined-cycle gas turbine power plants with a total capacity of 4GW and a 1GW solar power plant in ...

Energy storage is not just a complement to renewable energy; it is an enabler of the profound transformation required to achieve net zero. In MENA, the advancement BESS, ...

DAMASCUS, June 2 (Reuters) - Qatar has pledged to help war-torn Syria rebuild, but its \$7 billion plans for new power plants will mean little unless ...

The agreement, signed in Damascus, focuses on constructing four combined-cycle gas turbine power plants with a total capacity of ...

This article explores the development of wind and solar energy storage power stations in the region, their technical frameworks, and their role in stabilizing Syria's power grid. Discover ...

The solar power station, which would be based in the Damascus countryside, is part of a new investment

opportunity designed to attract energy investors to finance, build, and ...

This groundbreaking demonstration proves underground energy storage can be the missing link in renewable energy systems. By solving space constraints while enhancing grid reliability, such ...

DAMASCUS, June 2 (Reuters) - Qatar has pledged to help war-torn Syria rebuild, but its \$7 billion plans for new power plants will mean little unless Damascus can stop armed gangs from looting...

As Damascus rebuilds its energy infrastructure, smart storage solutions form the backbone of sustainable development. Whether you're upgrading existing systems or launching new ...
