Our containerized energy solution offers notable economic and practical advantages:

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

Solarfold allows you to generate electricity where it's needed, and where it pays to do so. The innovative and mobile solar container contains 196 PV modules with a maximum nominal ...

For SolarCont more than just a pure marketing statement! We offer an optional maintenance contract as a guarantee of functionality and loss of earnings. This option offers comprehensive ...

Highjoule's mobile solar containers provide portable, on-demand renewable energy with foldable photovoltaic systems (20KW-200KW) in compact 8ft-40ft units.

Upgrade your shipping container home or office with a solar power kit and make the transition to off the grid living effortless! This system is designed to easily connect all your essential ...

We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual version of this unit.

Beyond mounting the solar panels on the roof of the container on delivery, NO wiring or assembly is required to have your own storage, living space or workspace ready in just a few hours.

Ready to harness solar power? Contact our team today to discuss your solar energy needs and discover how our solar pv containers can power your business sustainably.
