Should a fire and EMS Station serve as a model?

In each of these areas, the fire and EMS station should serve as the model for the community. As with any public or private facility, fire and emergency services stations are subject to theft, vandalism and violence. For staffed stations, these acts are most likely to occur when emergency response personnel are on a call.

Do EMS stations need a specific space?

Carve out specific spaces for specific uses Of course any EMS station needs adequate sleeping quarters, bathroom facilities and locker/changing rooms for both men and women - but consider what other activities happen at your station that you may not currently have a specific place for.

Should fire departments incorporate EMS?

Just as incorporating EMS represented a major change in fire department responsibilities and impacted station requirements, so should other areas which some fire departments are currently considering. For example, fire prevention has long been a service of fire and emergency services organizations.

What is an installation EMS system?

An installation EMS system should educate those living, working, and visiting the installation in matters regarding EMS, including the access and availability of EMS, CPR, hemorrhage control and other forms of critically important first aid, and injury/illness prevention.

Provide Spaces to Promote Rest with Individual Dorms, Safe Sleep Room Look For Energy Efficiency When Choosing Appliances Carve Out Specific Spaces For Specific Uses Reconsider Your Alarms and Lighting, Especially at Night Make Physical Fitness A Priority Plan Ahead For Your Power Needs Design Ambulance Bay Doors For Safety and Speed Ventilate The Ambulance Bay Build in Disinfection Capabilities Provide Secure Drug Storage & Inventory Management Be sure to include sufficient wiring and docking stations to handle all the equipment and devices your crews need, both now and in the future. Take an inventory of your current equipment and personnel to account for the number of USB connections and power sources you'll need for smartphones, tablets, etc., and include these outlets in your dormitor...
