20 new fast-charging stations equipped with 500 kWh storage units now support San Salvador's growing electric bus fleet. Charge times improved by 30% compared to grid-only systems.

The machine has over 100 kilowatt-hours of onboard energy storage and can work for 8-16 hours at a time, depending on whether Level 2 charging or DC fast charging is installed at the port.

Star Charge, a prominent unicorn in Asia's digital energy sector and a core brand of Wanbang Digital Energy, excels in the EV charging pile industry with its comprehensive service platform.
