What makes Finland a good battery company?

Finland has expertise throughout the battery value chain, from the mining industry and processing of raw materials to technologies and services related to the manufacture and use of batteries, as well as charging technologies and recycling.

What power tools can I use with a Robotota battery?

With ROBOTOTA, you can trust that we'll meet your demands. ROBOTOTA also offers great cordless power tools for the garden. Our line includes leaf blowers, lawn movers, hedge trimmers, and more. All garden tools can be used with your most used power tool battery.

What makes Finland a good brand?

FINLAND is a very dynamic brand that easily adapts to the needs of its consumers: old models get regularly replaced with modern products using new technologies and materials. Tools are made using light and durable composite materials, heavy duty plastics, steel with characteristics required for certain work conditions, and aluminum alloys.
