How much does it cost to replace a car battery?

How much to replace a car battery? Depending on power, size, and quality, prices for a replacement car battery range from about \$45 to \$250. Your local dealership, auto parts store or automotive service center can check your current battery or hook you up with a new car battery.

How often should you replace a car battery?

Additionally, a battery replacement today is not just a matter of changing out a defective battery with one that fits. It's also important to ensure the correct type is installed. Rest assured, Jiffy Lube & #174; has access to your vehicle manufacturer recommendations. Generally, you should replace your battery every three to five years.

How do you replace a battery?

Drop in the new battery so that the positive post lines up with the red cable. Secure it with the battery retaining clamp that you removed earlier. If the battery has anti-corrosion washers, put them in place now and use a thin layer of anti-corrosion grease to prevent buildup.

Can a do-it-your-selfer replace a car battery?

A confident do-it-your-selfer can replace a vehicle battery. Start by checking your vehicle owner's manual for the battery's proper size and location. Find the positive and negative posts. The positive post will have a red plastic cover over it. Look for a + sign stamped onto the battery or printed on a nearby label.
