How much does a 40 foot shipping container cost?

Starting at \$4,350 or Purchase for as low as \$197.73/month. Our 40-foot shipping containers are tough, sturdy, wind and watertight, and designed to keep contents safe and dry. Their size and availability make them the most cost-effective size, offering the lowest cost per square foot. Finding comparable storage space at this price is hard to find.

What size shipping container do I Need?

Choosing the right size is critical as it impacts both cost and usability. The 20-foot, 40-foot, and 40-foot High Cube containers are the most common sizes for shipping containers that are to be used for export shipment or for storage. Both sizes are large enough to hold a substantial amount of freight and fit into loading slots on container ships.

How much do shipping containers cost?

There are several options available: Cargo-worthy 20ft dry containers. Prices range from \$500 to \$3,000. Cargo-worthy 40ft dry containers. Expect to pay between \$1,000 and \$3,500. 40ft high cube (HC) cargo-worthy containers. Shell out between \$1,500 and \$4,000. The condition of the container greatly influences how much shipping containers cost.

Is a 40 ft container a good value?

They are graded as Cargo Worthy, Windwater Tight or As Is. As previously mentioned, Container Management, Inc. never sells As-Is condition containers. As a general rule of thumb, a used 40-foot standard container will be priced around 30% more than a used 20-foot container, of the same condition.

While a 20 ft container typically rents for \$120-\$140 per month, most 40 ft containers rent for just \$140-\$199 per month (as of August 2025). That means you can double ...
