-----  
What is a Tier 4 containerized generator?

Our Tier 4 containerized generators are high-powered --500 kW to 1250 kW-- units packaged in 30-foot or 48-foot ISO containers.

What is a 40 ft containerized generator set?

Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for easy transportation, simple installation and are stackable, offering up to 34% space utilization savings over traditional build designs.

What are containerized generator / packaged container and enclosure options?

Containerized generator /Packaged container and enclosure options provide alternatives to installations in existing or new buildings. We have significant experience with pre-packaged container and enclosure solutions for engine-generator sets,balance of plant equipment,and switchgear.

Why should you choose Jenbacher containerized gas power generation solutions?

Jenbacher containerized gas power generation solutions offer a variety of benefits to our customers, thanks to distinctive product features: See for yourself.

Explore our fully integrated modular power substations with the USP& E Powerbox. These containerized units offer modular power plant capabilities for large industrial projects.

Jenbacher offers containerized generator sets based on our Type 2, 3, 4, and 6 gas engines. Leveraging the expertise acquired during several decades ...

Convert shipping containers into mobile power stations equipped with generators or solar panels. These can be deployed to remote areas or disaster-stricken regions to provide temporary ...

It meets the application requirements of regional power grid in peak regulation, frequency regulation, voltage regulation, emergency response, new energy consumption, etc., and ...

Originally launched for limited markets in 2021, the 40-ft ...

Unified Power has provided simple drop-over housings to fully integrated, pre-packaged modularized solutions for CHP and distributed generation applications.

Our Tier 4 solution is simple -- and versatile enough that the entire kW spectrum of this line is powered by the same solution. This not only ensures consistent efficiency and quality across ...

Unified Power has provided simple drop-over housings to fully integrated, pre-packaged modularized solutions for CHP and distributed generation ...

Northeast-Western Energy Systems USA, LLC ("NES-WES") has provided simple drop-over housings to fully integrated, pre-packaged modularized solutions for CHP and distributed ...

Whether you need a container generator unit, a fully integrated shipping container power unit, or a scalable containerized power system, our products are engineered for durability, efficiency, ...

Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for easy transportation, simple installation and are stackable, offering up ...

Liyu Power is at the forefront of this innovation, pioneering intelligent distributed energy systems. Their containerized generator sets are engineered to operate on a variety of fuels, including ...
