This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

With Hilber Solar GmbH, the cross-generational and outstanding know-how flows into SolarCont GmbH as a guarantee for a perfectly coordinated and highly efficient photovoltaic system.

Our proven HELIOS Solarator(TM) products are mobile, containerized renewable energy stations trusted by major corporations and government ...

Automatic SOC calibration minimizes manual interventions and reduces operational costs. Improve energy storage system efficiency with enhanced safety and optimal performance.

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

Our proven HELIOS Solarator(TM) products are mobile, containerized renewable energy stations trusted by major corporations and government bodies on remote, regional, and urban sites.

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Would you like to generate clean electricity flexibly and efficiently and earn money at the same time? With Solarfold, you produce energy where it is needed and where it pays off.

Solarfold allows you to generate electricity where it's needed, and where it pays to do so. The innovative and
