In line with the energy system development trends in Latvia and neighboring countries, the TSO evaluates and makes decisions regarding the development of Latvia's ...

Latvia's port city of Liepaja is fast becoming a strategic location for power generation container manufacturers, blending industrial expertise with renewable energy innovation.

These containers are designed to meet the requirements for off and on-grid applications and are ideal in combination with renewable stations. Through paralleling, we can provide up to 8MWh ...

Mobil-Grid#174; 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and ...

Mobil-Grid#174; 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant

This compact 8ft foldable PV container combines 18kW solar generation and 20kWh storage, offering a versatile and transportable solar energy solution. It's ideal for rapid deployment in ...

The BIOadapter grid connection container was delivered in June 2024. Latvia's largest biogas producer is investing in grid connection containers to meet the growing demand ...

Based on simulations performed for various levels of vRES installed capacities, we evaluated the hosting capacity of the Latvian grid for each of the innovative measures in study.

Wait, no - it's not just about the hardware. Latvian engineers have sort of cracked the code on rapid
