Is LG Energy Storage a DC or AC coupled system?

The LG Energy Storage System is offered as both an AC and DC coupled solution. The 7.6kW DC-coupled product can be installed as part of a new solar system, while the 5kW AC-coupled product is ideal for customers looking to add storage to an existing solar system.

What is LG Energy Solution?

As a solution to this problem, LG Energy Solution focused on batteries and energy storage systems (ESS). Existing nuclear power and thermal power are base generators* where the amount of power generation can be controlled, while new and renewable energy generates an irregular amount of power due to weather or other factors.

Does the LG Energy Storage System have a warranty?

The LG Energy Storage System is covered by a 10-year limited warranty for all components. It stores energy for smart scheduling and provides backup power as soon as it is installed.

How do I contact LG Energy Solution?

Contact LG Energy Solution if you need assistance by phone at 888-737-8104 from 9 a.m. to 5 p.m. ET Monday through Friday, or by email at RESUService@lgensol.com. The ESS Home Battery's unique serial number, which is located behind the access door at the bottom right of the unit, will determine if that battery is affected.
