Who sells lithium batteries?

The lithium batteries from LiTHiUM System GmbH have already received several international awards, such as the 360 degree MOVE Award. We advise you competently and complement your projects with innovative ideas. Lithium system sells Lithium cells, Lithium battery, Lithium batteries.

What is a lithium battery storage & energy management system?

With our upcycled lithium battery storage & energy management system, you can leverage the power of renewables to mitigate costs and decarbonize your business. Our BMS-certified, fire-protected commercial energy storage systems help energy-intensive sectors like agriculture, logistics, recycling and manufacturing meet their ESG commitments.

Why should you use lithium battery storage & energy management?

Safe. Circular. Powerful. Libattion produces industrial energy storage solutions that set a new standard for quality, sustainability, and safety. With our upcycled lithium battery storage & energy management system, you can leverage the power of renewables to mitigate costs and decarbonize your business.

What makes libattion a good battery storage company?

Libattion's battery storage guarantees a stable and regular power supply. Our systems are fire-safe and fully certified. We customize commercial energy storage for your needs and budget. Rooted in Swiss precision and environmental stewardship, we develop and operate the most versatile battery systems for industry and commerce.

We provide turnkey solutions up to hundreds of MW, integrating a Saft lithium-ion battery system with power conversion devices, power control and energy management functions.

With our large Swiss warehouse, we can quickly and easily deliver the desired Li-Ion cells to all of Europe. Our staff has years of experience with lithium ion batteries and can provide optimal ...
