What types of containers does Kaufman container offer?

Kaufman Container provides a variety of shapes, sizes and colored containers that can be used for numerous industries. 750 ml wine bottles, 64 oz growlers and 1 gallon glass jugs are some of our larger glass items, but we also provide small glass containers such as 1 oz Boston rounds and 3 oz glass jars.

Why should you order containers in bulk?

Ordering containers in bulk is a perfect decision when you need many items but prefer to save money and time. Buying in large quantities also eases shipping logistics and provides uniformity in size, design, and features. Plus, delivering the containers all at once relieves you of multiple shipments.

How do you ship a new container?

We ship all new containers using the "one-trip" method when the vessels are loaded with goods for their first voyage. This approach drops shipping costs and import duties, which are covered by the purchasers of the transported goods instead of you.
