-----

In short, you can indeed run power to a container - either by extending a line from the grid or by turning the container itself into a mini power station using solar panels.

Ditto, and to (2) you could add "I won't be in next week". In fact, you could take a week off trying to decide which one to use. They are all in the same register, and for normal ...

Looking to build off-grid power solutions with shipping containers? Boxhub is the leading provider of new and used shipping containers for solar panel installations and battery storage.

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this comprehensive guide, we delve into ...

"The company wants to dispose off the equipment." Is this sentence correct. I am confused whether it is dispose of or dispose off as I see a lot of sentences that use dispose off. ...

In BE, "off work" means not working, possibly because of illness, or because you are on leave or have a holiday. Therefore, in BE, your question would make sense.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Hello everyone, I learned that the phrasal verb "to cut someone off" can be used meaning "to stop having a close or friendly relationship with someone". My question is: Was ...

are made for the real world--rugged, reliable, and ready to work ...

Discover the world's leading foldable solar container with 40% higher energy density. Solarfold(TM) by Sunmaygo offers quick deployment & 70% lower costs than diesel.

Your choices (get off work, finish work, leave work) will all work fine finishing the question about a normal working day. I don't see much difference in formality, if any.

Yeah. It's not too common though. The two most common formulations are: I get off work at 5. and I get off of work at 5. At least where I live, "get off from" is used, but not as ...
