How much does a 40 foot shipping container cost?

Starting at \$4,350 or Purchase for as low as \$197.73/month. Our 40-foot shipping containers are tough, sturdy, wind and watertight, and designed to keep contents safe and dry. Their size and availability make them the most cost-effective size, offering the lowest cost per square foot. Finding comparable storage space at this price is hard to find.

Should you buy a used 40ft shipping container?

Cost-Effective: The biggest advantage of purchasing a used 40ft shipping container is the significant cost savings. A new container can cost thousands of dollars, while used containers are often available at a fraction of the price. **Durability:** Shipping containers are designed to be incredibly tough.

What is a used 40 ft container?

A used 40-foot container is a cost-effective alternative that offers durability without sacrificing quality. While they may have cosmetic imperfections, they remain watertight and structurally sound. Used containers are perfect for those seeking practical, budget-friendly solutions for storage or on-site projects.

Are used 40ft containers a good storage solution?

Used 40ft containers, retired from international shipping after 15-20 years, are an excellent static storage solution. Although they're no longer suitable for stacking or shipping, they offer a cost-effective alternative to renting a storage unit or building a garage or shed.
