FNIRSI DPS-150 DC Power Supply Variable, 30V 5A Adjustable DC CNC Power Supply with 4-Digit IPS Display, <20mV Power Ripple, PD/QC/DC Input, PC Programmable Switching Power ...

The OpenUPS2 was designed to provide user specified regulated power output from a wide input voltage or battery backup, microprocessor assisted LiFePO4 battery charging and cell ...

Without operator intervention, they automatically select the appropriate input power ranges to accommodate global operation. The GUPS Series has been specifically designed to withstand ...

Without operator intervention, they automatically select the appropriate input power ranges to accommodate global operation. The GUPS Series has ...

AMETEK Solidstate Controls has been building the world's most robust, industrial, uninterruptible power supply systems (UPS) for more than 56 years. Each system is created specifically to ...

The Vertiv(TM) Liebert&#174; PSI5 Lithium-Ion Line Interactive UPS family provides network grade uninterruptible power protection with pure sinewave output power and automatic voltage ...

Marathon Power provides uninterruptible power supplies with a focus on OEM and niche markets, such as medical / healthcare, automation and process control, test and measurement, traffic ...

The EXR Series offers users a robust and advanced line interactive UPS. New features include a higher power factor for improved UPS efficiency, auto-recognition of external battery packs for ...

Plug critical equipment into non-programmable outlets for continued runtime while running on battery.

# Programmable    Uninterruptible    Power Supply
