Where can I buy performance-grade solar equipment?

You can buy performance-grade solar equipment from The Inverter Store. They offer great prices on cutting-edge solar panels, solar racks, charge controllers and more.

What is a solar panel system?

Solar panel systems are often referred to as PV, or photovoltaic, solar power systems. The home installation of a high-quality solar power system can reduce or eliminate dependence on the utility power grid that supplies electricity to light, heat, cool, and operate your home.

What equipment do you need to go solar?

To go solar, you'll need solar panels, inverters, racking equipment, and performance monitoring equipment--at a minimum. Depending on where you live, you may also consider a solar battery. The components of a solar panel system are pretty simple.

Why should you buy a portable solar panel?

Getting the most out of your solar panels. Anyone who is passionate sustainable living at home and on the road will appreciate a portable solar panel as a reliable, reusable energy source. Enhance your outdoor adventures with a solar panel battery charger tucked in your hiking backpack.
