What is compact containers?

Compact Containers serves the global shipping and intermodal industry with an efficient, low-cost means to transport containers by Road, Rail, or Sea. Discover the future of cargo logistics with Compact Containers. Our SeaFold 40' collapsible containers redefine efficiency & cost savings.

Are FLEXcon containers collapsible?

Consistent inside dimensions at the top and bottom of the containers allow even multiple layer dunnage to be easily installed and removed. Custom requests and dealer inquiries welcome. Reduce costs with Flexcon's collapsible containers. Our durable, reusable totes collapse flat to save on return shipping and reclaim valued warehouse space.

Why do businesses need intermodal shipping containers?

Intermodal shipping containers are ideal for businesses that: Handle large volumes of cargo. Require efficient and secure transportation over long distances. Need cost-effective solutions to reduce logistical expenses. Standardization makes loading and unloading faster and more efficient.

How does seafold reduce empty container repositioning?

SeaFold containers effectively reduce empty container repositioning, leading to optimized storage at rail and truck terminals. This efficiency translates to fewer trucks and rail cars transporting empty containers, thereby lowering fuel costs. The streamlined process offers a practical solution for both economic and environmental concerns.
