-----

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of ...

This project is the centerpiece of Angola's efforts to replace thermal power stations, displace expensive diesel usage from generators, and reduce pollution. Diversifying Angola's energy ...

Foldable Photovoltaic Power Generation Cabin is a containerised solar power solution. Combining the features of solar power generation and mobility, it provides electricity all over the world.

This project is the centerpiece of Angola's efforts to replace thermal power stations, displace expensive diesel usage from generators, and reduce ...

Major projects now deploy clusters of 20+ containers creating storage farms with 100+MWh capacity at costs below \$280/kWh. Technological advancements are dramatically improving ...

With our solar container we focus on solar energy, a sustainable and at the same time the most logical energy source in Africa. We have developed ...
