What is the focus of Island Solar?

Island Solar is based in Nassau, Bahamas and is committed to installing safe, high quality, code compliant and long lasting solar electric (photovoltaic) systems in the Bahamas and across the Caribbean.

How long does a Bahama solar installation take?

Bahama Solar installs: Solar installation is the fun part, our customers get to see the whole system come together. Installation timelines range from one to five days. Installation Steps Monitoring insures your solar panels are working properly by tracking the output of your solar system.

Is Island Air Heating & Cooling recommended?

I highly recommend Island Air Heating & Cooling. The AC works great for me, and their heating technician answered all of my questions and fixed the heat quickly. I am very satisfied with their service. Need Our Help? No job is too big or too small. We look forward to providing service to you.
