European Commission has approved a EUR150 million Slovenian scheme to support the rollout of renewable energy and heat as well as energy storage, in line with the Green Deal Industrial Plan.

NGEN, an energy system solutions company, has launched its third battery storage unit. Located in Kidricevo in the north-east, it one of the largest such units in Europe.

Slovenia's HSE signs a EUR100M deal for 80 MW of new solar power plants with integrated battery storage, advancing the nation's ...

Slovenia's HSE signs a EUR100M deal for 80 MW of new solar power plants with integrated battery storage, advancing the nation's renewable energy goals for 2050.

Developer NGEN is deploying the largest battery energy storage systems (BESS) in Slovenia, Austria and Croatia, and wants to take its model beyond CEE too, CEO and co ...

The Kidricevo Battery Energy Storage System is a 15,000kW energy storage project located in Kidricevo, Drava, Slovenia. The rated storage capacity of the project is 30,000kWh.

Slovenia targets 400 MW in BESS, 100 MW in electrolyzers and more pumped storage in the updated Integrated National Energy and ...

State-owned utility and power generator HSE is targeting 800MW of flexibility assets across Slovenia by 2035, including pumped hydro energy storage (PHES) and battery ...
