NYCIDA closed its largest battery energy storage project to date, the East River Energy Storage Project, located on an industrial site on the East River in Astoria, Queens. ...

Microgreen offers and services the EnerX high capacity outdoor lithium battery container with 5.64MWh capacity for large-scale energy storage applications.

Equipped with automatic fire detection and alarm systems, the 20FT Container 250kW 860kWh Battery Energy Storage System is the ultimate choice for secure, scalable, and efficient energy ...

LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar ...

Optimized for mid-size factories, desert solar farms, and hybrid grid substations. With 140kW solar and 215kWh battery in a 40ft container, it handles heavier industrial loads in harsh outdoor ...

On September 8 2025, the company announced a new product for late 2026, called "Megablock", which consists in up to 4 Megapacks version 3 connected with a transformer and a switchgear. ...

Envision Energy announced an 8-MWh, grid-scale battery that fits in a 20-ft (6-m) shipping container this week while at the third ...

Envision Energy announced an 8-MWh, grid-scale battery that fits in a 20-ft (6-m) shipping container this week while at the third Electrical Energy Storage Alliance (EESA) ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the
