Our company have the overall supporting capability for the system integration of PACK, PCS, BMS and EMS. Elecnova aims to meet the diversified energy requirements of segmented ...

It integrates a high-voltage LFP battery with a capacity of 372KWh and a power rating of 150KW, making it suitable for both commercial and ...

With our C& I battery storage systems, you don't have to be physically present to monitor your energy usage. Our cutting-edge technology allows you to configure and control the system ...

The 372kWh LiFePO4 Solar Battery Storage Cabinet is a renewable energy commercial and industrial-scale intelligent energy storage system. Engineered with superior quality lithium iron ...

Designed for industrial and commercial use, the BESS-372K liquid-cooled battery system delivers reliable 372kWh capacity. Featuring virtual ...

372kWh 1331V Battery Storage Cabinet with Liquid-Cooling BESS-372K, the liquid cooling battery storage cabinet that offers high safety, efficiency, ...

Liquid-cooled solar battery storage system delivers stable performance with power options of 100kw and 200kw, and energy capacities of 241kwh, ...

Designed for industrial and commercial use, the BESS-372K liquid-cooled battery system delivers reliable 372kWh capacity. Featuring virtual synchronous technology and robust safety, it's ...

With our C& I battery storage systems, you don't have to be physically present to monitor your energy usage.

Our cutting-edge technology ...

EK conducted a comprehensive and multi-level test on the 372kWh liquid-cooled smart outdoor cabinet, mainly including mechanical safety, ...

Liquid-cooled solar battery storage system delivers stable performance with power options of 100kw and 200kw, and energy capacities of 241kwh, 261kwh, 372kwh, and 417kwh.

EK conducted a comprehensive and multi-level test on the 372kWh liquid-cooled smart outdoor cabinet, mainly including mechanical safety, electrical safety, functional safety and other tests.
