Which power bank is best for travel?

TRAVEL CHARGER - Powerpack Universal is the perfect travel companion with its compatibility with 3 included travel adapters (EU, AU and UK Plugs)... Travelers need a reliable power bank that can charge multiple devices at once. The Powerpack Universal 5-in-1 Travel Power Bank is a good choice. It has a 10,000mAh battery.

Which power bank should I buy?

The Nimble Champ is our top recommendation for most folks, but we have all sorts of alternatives here. Read our Best MagSafe Power Banks guide for magnetic wireless chargers, and our Best Portable Power Stations guide for more power. Updated November 2025: We've added a power bank from EcoFlow, and an honorable mention for a new Anker power bank.

Is mycharge a good portable power bank?

The charging cord is shorter than other models. This portable power bank from myCharge earned the top slot in our test for its portability, battery life, and ability to accommodate both iPhone and Android models. Thanks to the USB port, type C, and lightning cable adapters included, you don't have to bring your own cables.

What makes a good power bank?

Capacity tells you how much power the bank can hold. It is measured in milliampere-hours (mAh). A power bank with 10,000mAh can usually recharge a phone or tablet several times. The more capacity it has, the longer your devices stay powered up during your trip. Durability is also very important. A good power bank should handle tough use.

Optimize your international travel with the top 5 portable power banks that ensure your devices stay charged anywhere, so discover which models stand out.

This portable power bank from myCharge earned the top slot in our test for its portability, battery life, and ability to accommodate both iPhone and Android models.
