Who owns Terra Solar Philippines?

In March 2025, Actis acquired a stake in Terra Solar Philippines, Inc. ("MTerra Solar"), with MGEN Renewable Energy, Inc. (MGreen), through its subsidiary SP New Energy Corporation ("SPNEC").

How many GW of solar PV & battery storage capacity will be installed?

The project will have 3.5 GW of installed solar PV capacity and 4.5 GWh of installed battery energy storage system (BESS) capacity, making it one of the largest integrated renewable and energy storage projects globally by battery storage capacity once fully commissioned.

How much solar power will be installed in Luzon?

A total of 3.5 GW of solar capacity and 4.5 GWh of battery energy storage systems (BESS) will be installed on the island of Luzon, about 100 km (62 mi) from Manila, across a 3,500-acre site. The hybrid park is expected to produce enough electricity to meet the needs of about 2.4 million households.

What is the biggest solar-battery system in the world?

Consisting of 3,500 megawatts peak (MWp) photovoltaic (PV) capacity and 4,500 megawatt-hours (MWhr) Battery Energy Storage System (BESS), the project is set to become the biggest solar-battery system facility in the world.

The firm has agreed to partner with utility Manila Electric Company (Meralco) and its subsidiary, Solar Philippines New Energy ...

MTerra Solar represents one of the largest mid merit renewable generation capacities in the Philippines, with 850MW (for 12-hours daily on average) contracted capacity over 20 years ...

A cornerstone in the Philippines' clean energy transition, MTerra Solar's hybrid Solar PV-BESS system ensures stable and reliable power, potentially rivaling traditional ...

Who owns the battery solar container energy storage system for Manila s solar container communication station

UK investment firm Actis has finalised its investment in Terra Solar Philippines Inc, thus taking an equity stake in a GW-scale solar and ...

The firm has agreed to partner with utility Manila Electric Company (Meralco) and its subsidiary, Solar Philippines New Energy Corporation, to invest in the Terra Solar Project. ...

The Masinloc BESS is the first battery energy storage facility in the Philippines and one of the first in Southeast Asia. Our acquisition of Masinloc BESS is a landmark milestone that drives the ...

A 4,500 megawatt-hour (MWh) battery energy storage system will be combined with 3,500 megawatt-watt (MW) solar photovoltaic (PV) ...

The partnership with Solar Philippines New Energy Corporation, which currently owns 100% of the project, was formalized at a signing ceremony in Pasig City, Philippines.

Solar Philippines New Energy Corp. owns 100 percent of the project. The transaction represents the largest foreign direct investment for a greenfield-infrastructure ...

UK investment firm Actis has finalised its investment in Terra Solar Philippines Inc, thus taking an equity stake in a GW-scale solar and energy storage project in a deal worth ...

The Terra Solar Project is a collaboration between Terra Solar Philippines, Inc. (TSPI), Meralco PowerGen Corporation (MGEN), and SP New Energy Corporation (SPNEC). ...

It will combine 3.5GWp of solar PV capacity with 4.5GWh of battery energy storage system (BESS). The project is backed by a 20 ...
